### Q4

Do you think the Draft Instrument strikes the right balance between supporting participation and abatement, ensuring integrity of abatement, and facilitating a risk based approach to compliance?

**No**

---

### Q5

Please specify why you answered 'yes', 'no' or 'unsure' and include relevant evidence.

I don't believe the methods of auditing are in favour of fuel reduction and improved efficiency methods. Our product is reducing ALL emissions and improving fuel efficiencies by a minimum of 5% across any industry we have implemented our product.
