7. The Act and the Regulations set out the conditions which must be satisfied before certificates can be created in respect of a small generation unit.
8. The Act and the Regulations provide that, in specified circumstances, a person is entitled to create a number of certificates based on the multiplier formula set out in section 23B of the Act and regulation 20AA of the Regulations.
 - at the time the small generation unit is installed at the eligible premises, there is no pre-approval or funding agreement in force in respect of the unit under the SHCP, the RRP GP or the NSSP and no financial assistance has been provided in respect of the unit under the SHCP, the RRP GP or the NSSP; and
