Q1

Please provide the following.

Name of your organisation (if applicable):	Quentic
Full name of the best contact person for this consultation submission:	Christophe Bur
Phone number of the contact person:	[REDACTED]
Email address of the contact person:	[REDACTED]

Q2

If applicable, which ACCU Scheme method areas does your organisation participate in?	Agriculture methods, Vegetation methods
--	--

Q3

Do you want this submission to be treated as confidential?	No
--	----

Page 4: Consultation question 1

Q4

Do you think the Draft Instrument strikes the right balance between supporting participation and abatement, ensuring integrity of abatement, and facilitating a risk based approach to compliance?	Yes
--	-----

Q5

Please specify why you answered 'yes', 'no' or 'unsure' and include relevant evidence.

The alternative assurance for 'EMP Pilot' projects allowed many small projects to become viable in our experience, and are low risk projects from an operational perspective. The instrument recognises it. There may be refinements to bring as experiences accumulates, but based on current experience this is a good balance.

Page 5: Consultation question 2

Q6

No

Are there any integrity risks that have not been considered in the Draft Instrument?

Q7

Please specify why you answered 'yes', 'no' or 'unsure' and include relevant evidence.

It will depend on the actual level of aerial monitoring provided by the CER, but it can easily be sufficient to capture most if not all of the risks.

Page 6: Consultation question 3

Q8

No

Is there any other evidence that we have not considered that would support changes to the audit requirements proposed under the Draft Instrument?

Q9

Please specify why you answered 'yes', 'no' or 'unsure' and include relevant evidence.

All our evidence is supported.

Q10

Do you have any further feedback to provide on the Draft Instrument or alternative assurance arrangements for low-risk environmental plantings 2024 projects?

No.
